

ALWAYS REMNANT DAY IN PERRYGO CASE

Expert witnesses testified today as to the mental irresponsibility of Edgar Randolph Perrygo, eighteen years old, who is on trial for his life before Justice Gould and a jury in Criminal Division 1, for the death of Edgar M. Fairchild, sixty-three years old, at her home on Congress Heights last February.

Counsel for the defense propounded to the alienists a long hypothetical question involving the principle points brought out by the defense to show unsoundness of mind on the part of the accused.

Dr. John P. M. Murphy and Dr. John Lind, both of the staff of the government hospital for the insane, testified for the defense, expressing the view that the subject described in the question was not sound mentally.

Rebuttal Expected.
Attorney O'Shea for the defense expects to conclude the evidence on behalf of the boy this afternoon. The government will offer in rebuttal several lay witnesses, and probably two experts to dispute the testimony of insanity.

Mabel Hill, seventeen years old, at yesterday's hearing, told the story of Perrygo's courtship of her. She had been summoned by the prosecution, but was not called to the stand by the government.

At one point in her testimony she swore before her father and declared that she would marry him if she could. She said that she and Edgar had come from their homes at Ocean Hill, Minn., on the morning of February 3, the day of the tragedy, and had gone to the home of her father-in-law at 413 South Carolina avenue, for the purpose of getting married.

Returned With Bills.
She declared he left her at 9 o'clock, saying he was going to the court-house to get the marriage license. The witness did not see him again until about 3 o'clock that afternoon. He had shown her some money in the morning, she testified, but on his return he had taken bills out of two pockets and given them to her to keep.

She declared that the defendant had explained his reason for not having the license by telling her that he had been sick and she had given him something to drink, which he thought was whisky, but which must have been dope, since he did not remember anything afterward.

CITY CLUB FAVORS CURB ON HACKERS

Regulation of the hacking traffic in Washington by the Public Utilities Commission was included in preliminary recommendations made at a meeting last night of the public safety group of the City Club by Claude S. Owen, chairman of the group's police protection committee.

The recommendations followed a month's study of the situation by Mr. Owen's committee. The investigation has not yet been completed, and final action will not be taken by the group until after submission of a final report.

The committee also suggested that regulations be adopted by authorities in charge of the protection of the city's property and morals whereby such hacker would be required to furnish bonds both as a guarantee against law breaking and against loss or injury to passengers due to negligence on the part of the hacker.

Should Be Under Commission.
It is important that all public hackers be placed under the Public Utilities Commission, Mr. Owen said. Hackers are clearly public servants and they should be governed by regulations.

The hacking situation is most serious here. Four charges are not against all hackers, but against certain particular hackers. There are between 50 and 75 per cent more hackers in Washington than the amount of traffic justified, and some of the surplus hackers are forced to lead a living by traffic in women and children.

Will Consider Fire Protection.
George B. Farquhar was appointed chairman of the fire protection committee. His study of the situation and advisability of recommending that public school buildings be equipped with the sprinkler system of fire protection.

The need of a centralized traffic squad was pointed out by Mr. Farquhar, and this matter is expected to receive detailed consideration at the next meeting of the group. Announcement was made that the group hereafter will meet on the first Friday of each month.

GRAND JURY SPEED SHOWN IN ROBBERY

Without waiting for the formality of an indictment, the grand jury today reported to Justice Gould in Criminal Division a presentment accusing Emmett R. West, a Post Office Department clerk, of robbery.

West is charged with holding up Mary T. Toomb, clerk in charge of the Dupont circle station, last Friday morning, and taking money from the office safe. He was formerly employed at the station.

Justice Gould directed a bench warrant to issue for the arrest of West.

The grand jurors exonerated Thomas Wormley, colored, of a charge of homicide in connection with the death of John Butler, October 20. They also exonerated a charge of attempted robbery against Houston J. Thurman and of larceny against Harrison Hough.

Indictments were returned against the following:
William Newman, Clifford A. Johnson, Nick Zanes, John Stevenson, William M. Scott and John H. Tyler, assault with dangerous weapon; Geraldine Burdett, assault with intent to kill; Alvin Dayhoff, carnal knowledge; Ralph Henry Morris, Charles Burke, William Stowell, Brown and Joseph Austin, robbery; Charles F. Fairfax, Herbert Hayes and Earl L. Williams, grand larceny; and John H. Carnes, housebreaking and larceny.

PRIVATE TIGHE IMPROVING.
The condition of Private Matthew F. Tighe of 1209 Irving place, who recently returned from overseas, and who has been in a critical condition at Fort Slocum Hospital, New York, is reported to be gradually improving.

Mr. and Mrs. Tighe are with their son.

NAMED U. S. ATTORNEY.
President Wilson today appointed Julien Gunn of Richmond, Va., as United States attorney for the eastern district of Virginia.

The first cheese factory in the United States was established at Rome, N. Y., in 1851.
